WORK EXPERIENCE

Early-stage stealth AI education startup

Sept 2026 – Present

Support & Community Management (Contract)

Worthy Successor / The Trajectory

Aug 2026 – Present

Research & Audience Strategist (Contract)

- For Dan Faggella: agent-powered social listening and strategy; knowledge base design and ops.

Sageworx

Sept 2025 – Present

AI-First Copywriter & Social — AI-first creative agency

- **Blogs/Explainers:** Drafting/editing clear, evidence-based, SEO-optimised, legally compliant brochure and blog text for agency clients including a major bank, on issues like business cash flow management, home mortgages and business lines of credit. Multi-AI workflows including Manus, Perplexity and Claude.
- **Socials:** Drafting/editing Instagram and LinkedIn post copy to accompany audiograms, podcasts and blog posts.

Yupp.ai

Jul 2025 – Mar 2026

Social Media Manager & Community Lead

- **Growth:** X: ~20K to 26K+ followers (+6,318 net), 434K peak monthly impressions (Dec 2025). LinkedIn: 1,458 to 3,920 followers (+168.8%) in 9 months, peak 2.07% engagement. Reddit grown from 0 to 3,300+ members. All organic across 4 platforms; 0 socials budget.
- **Community:** Co-admin on brand Discord that tripled from ~30K to ~90K members. Co-managed 2 moderators. Ran multiple contests with 100+ entries. Solo-built an AI news curation channel with 600+ readers. Frontline support and anti-scam ops across X, LinkedIn, Reddit, Discord.
- **Content:** Owned all socials: X, Reddit, LinkedIn, Farcaster. Rapid-fire model-drop announcements, thorough testing/showcases of new AIs, science threads, longform science/evaluation/marketing blogs and articles. Visuals with Figma/Canva.
- **Agents:** Built Raccoon MCP Server, an AI system for Twitter + Reddit social listening at scale, including reply-ability scoring, drafting, Typefully publishing, and meta-learning loops. Also built a Slack bot with natural language routing to all tools. Used every day in production by me + colleagues.

now media (fmr. nft now)

Oct 2023 – Present

Freelance Reporter & Op-Ed Contributor

- **Output:** 138 bylined articles on nft now; 5 on the successor site Now Media. 26 exclusives and interviews. Subjects include Yuga Labs, Christie's, the Pompidou, Decentraland, Optimism Foundation, Nifty Island, Scott Kominers (a16z crypto, Harvard, NFT artist/author).
- **AI perspectives column in Now Media:** recents include a response to Nathan Beacom on Claude's constitutional AI, a policy piece on New York Senate Bill S.7263 (AI in healthcare/legal). Also wrote on OpenClaw/Lobstar (AI agent commissioning poetry on-chain).

CryptoPunks.eth.limo

Feb 2024 – Present

Editorial Writer / Social Media Manager

- **Editorial:** X, Telegram and ops for a community-run CryptoPunks marketplace. Floor reports, feature deep dives, Punk cultural history, replies and amplification of community content.

Gas Network

Jun – Nov 2025

Copywriter & Social Media Manager

- **Copy & Socials:** Website copy, social content, community comms for a Web3 infrastructure project.

Modjo Agency

Oct 2022 – Dec 2024

Contract Copywriter & SMM

- **Go-to-Market:** Long-form and social copy for agency clients across Web3 gaming, decentralized AI inference, sports card trading, DeFi protocols. GTM strategy docs, launch tweets, brand narratives. 2+ years.

Lorepunk Labs

Jun 2021 – Present

Freelance Copywriter / Social Media Manager

- **Solo Practice:** AI-powered copywriting, social growth, community, ops support and QA.

Course Writer: Tweeting for Growth

- **Education:** Wrote full curriculum for a user-education course on organic Twitter/X growth strategy, focusing on ethical engagement tactics and audience building without paid promotion.

Plymouth City Council

May 2018 – May 2022

City Councillor, Drake Ward — Plymouth, UK

- **Elected Office:** Four years as an elected ward councillor. Door-to-door canvassing, constituent casework, motion and speech writing, public communications and social media engagement.

PROJECTS

- **Agentic Loadout:** Raccoon MCP Server, a 74-tool MCP server for Claude with a three-tier memory system (constitutional/strategic/operational), regression-based learning, Twitter/Reddit scanning, Semantic Scholar and OpenAlex integration, and Typefully publishing.
- **Digital Minds:** Research programme at lorepunk.ai/digitalminds: Merge Practitioner Interviews (oral history, commencing Q4 2026) and Towards a Moral Embassy (framework paper).
- **Lorepunk.ai:** Claude-powered personal website.
- **BOOP Experiment:** Designed and ran a visual language model mini-experiment testing VLM responses to optical illusions. Research-to-content pipeline: 22.8K combined impressions across article + personal tweet + brand tweet.

CREATIVE

- **Writing:** 3 published poetry books (Patrician Press, Nouns DAO Small Grants Program, Minthouse NFTs). NFT poetry: Etherpoems, Forgotten Runes.
